

## Santa's Grotto Tier 3 Update! – 17/12/2020

### Please read all the information below

Our Grotto Experience was designed so that it would be fully accessible and compliant in the event of East Lothian being moved to Tier 3. So, following the Government's recent announcement, we have had a further Health & safety site visit on the 16/12/20 by an independent consultant who has confirmed we can confidently continue our Santa experience.

In that respect it is **essential** that you fully read our pre arrival information (previously sent or can be viewed [here](#)) as well as the following updates:

- **6pm Table Service Curfew:**
  - The Hot Chocolate and Muffin Station will still be fully available to you, but any orders served after 6pm will be served to you for takeaway collection on your exit from the grotto. Please do not arrive early for your grotto experience for sit-in refreshments, as our slot times are designed to ensure safe flow of people. However, you can still book our Christmas Family Café for pre-grotto dining by calling 0131 665 3135 or viewing the menu [here](#)
  - Any existing Christmas Family Café bookings up until 5pm remain completely unaffected. And although we are now unable to accommodate dining bookings after 5pm, we are offering a full takeaway menu service instead. Yay! Takeaway needs to be pre ordered in advance and this can be easily done by calling 0131 665 3135.

Lastly please remember the following guidance to help keep our event running safely:

- Facemasks are required to be worn by all over 5 years, unless exempt
- If you or any of your household are self-isolating, please **do not** attend.  
If you are awaiting test results from a Covid-19 test, please **do not** attend.  
If you are showing any symptoms of Covid-19 please **do not** attend.
- We advise you to be aware of any relevant travel restrictions between Local Authority areas and their various Tiers and ask you to exercise good judgement.
